Dear Mr. Neibel:

I.B.S. is considering network broadcasting, as a test, to cover Yale, Wesleyan, Columbia, Princeton, Haverford, Swarthmore, and Bryn Mawr, sometime this spring. For this purpose we will choose the scripts which we feel are most worthy for network presentation. Will you please send me the record, if you have one, or script of the show that you consider the finest example of the work at WPRU from March, 1944, to the present time? The length or type of show is arbitrary, unless the show was of purely topical interest and is now obsolete. I will appreciate your most prompt attention in this important project..

Sincerely yours,

Sonia J. Brown
